Local Law #1 of 2020 entitled :
Town of Ridgeway Battery Energy Storage System Local Law

This local law is to regulate the installation, operation, maintenance and decommissioning of battery energy storage systems under zoning regulations and land use regulations. It includes compliance with the State Environmental Quality Review Act.

This local law references a Battery Energy Storage System Model Permit that is available as part of NYSERDA'S Battery Energy Storage Guidebook. The Permit established the minimum submittal requirements for electrical and structural plan review that are necessary when permitting residential and small commercial battery energy storage systems.

This local law regulates all Battery Energy Storage Systems with various requirements depending on size of the aggregate energy capacity as a Tier 1, Tier 2 and Tier 3, provides for site plan requirements, special use permit standards, safety system certifications, a commissioning plan and a decommissioning plan.

This Local Law shall take effect after a due public hearing on same, Town Board passage and immediately upon its filing with the Secretary of State.
